

Health and Safety

People are our most important assets.

People's health and safety is our greatest responsibility.

- PT BAM Decorient Indonesia conducts its business in such a way that the health and safety of all people involved are safeguarded.

To these ends, PT BAM Decorient Indonesia has established the following set of goals and principles, which underlie the implementation of its Health and Safety (H&S) system:

- Zero accidents
- Zero occupational diseases
- Continuous improvement
- Public access to all H&S data
- H&S awareness levels are measured
- Comply with legal requirements

Line management accepts responsibility for the effective implementation of the H&S system and provides systems, training, supervision and visible support to assure a safe working environment.
